**Microsoft**

Automate workflows

with **Microsoft Flow** to create a seamless experience from talent platforms to current work streams.

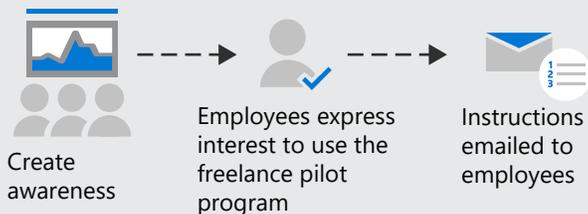

**Go from a manual process...**

...to an automated process with Microsoft Flow.

End to end workflow automation

Employees can quickly go from awareness to action on the freelance pilot program...

Create awareness

Employees express interest to use the freelance pilot program

Instructions emailed to employees

...and from training to posting their first project on the freelance platform.

Employees watch training video

Employees send first project proposal

Proposal is reviewed

Confirmation email sent

Enterprise grade scalability & security

Establish data-loss prevention policies to control the flow of data in your organization.

Compliance

Audit Microsoft Flow events in the Office 365 Security & Compliance Center.
