Security Check provided by reCAPTCHA .
© 2009 Carnegie Mellon University, All rights reserved.

The Security Check allows us to:

Ensure Fair Access to Tickets
Automated programs known as "Bots" cannot read distorted text as well as humans. The Security Check helps prevent automated programs from blocking other customers from getting tickets.

Digitize Books One Word at a Time
By entering the words in the box, you are also helping to digitize books from the Internet Archive and preserve literature that was written before the computer age.

Provide an Audio Option for Visually Impaired Customers
An audio option allows visually impaired customers to hear a set of 8 digits that can be entered instead of the word challenge.
