

# Design Principles to Create Sustainable Community Media Networks

Appropriate Computing Technologies  
for Development (ACT4D), IIT Delhi

Voice of the Village  
Technology. Media. Development

Microsoft Research  
Faculty Summit  
**2015**  
July 8-9, 2015

## Joint work with...

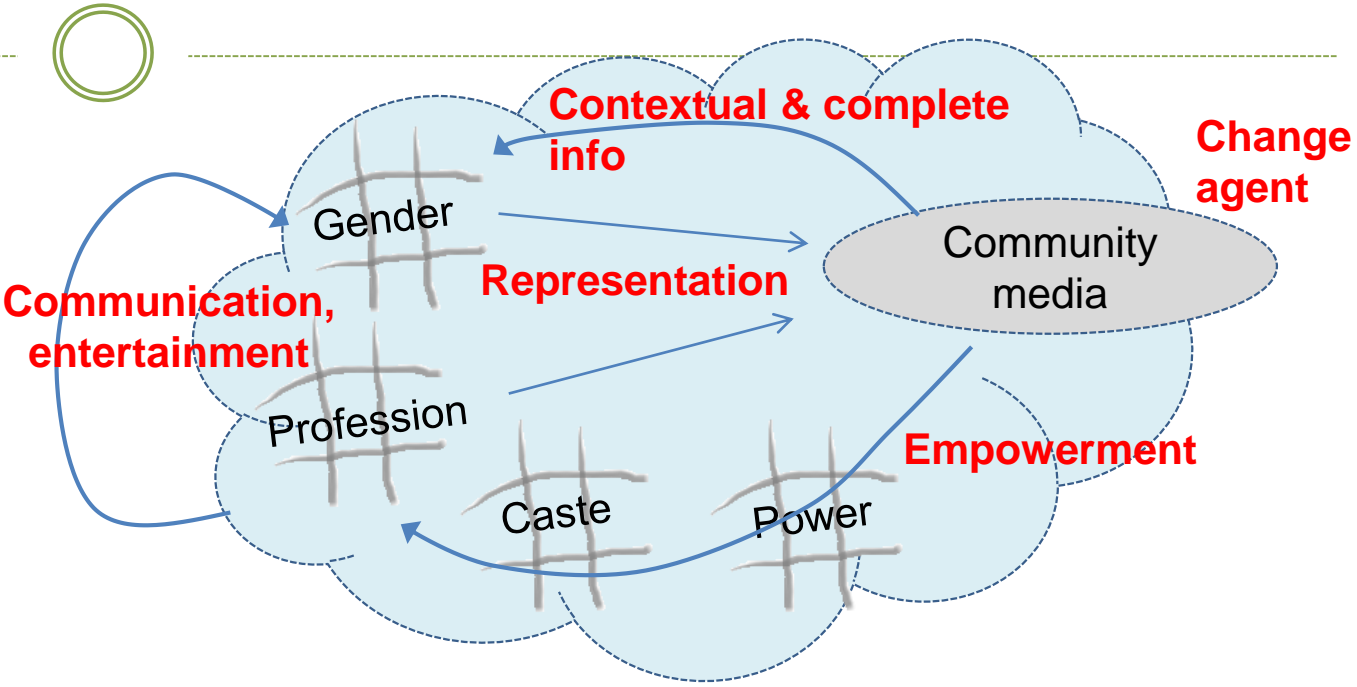

- The Gram Vaani team: Mayank, Parminder, Bala, Zahir, Kapil, Dinesh, Sayonee, Aparna, Rohit Singh, Rohit Jain, Ritesh, Paro, Sultan, Lokesh, Aravindh, Biswajit, Sangeeta, Smita, Veer, Saraswati, Suvasis, Ashok, Preety, Deepak Jha, Deepak Kumar, Deepak Jaiswal, Shweta, Aarti, Vinod, Ruby, Amrita, Ritu, Vasanti, Ashish Tandon, Dasami Moodley, Vidya, Shambhu
- IIT Delhi students: Arvind, Dipanjan, Prateek, Abhishek Katyal, Rohit Bhatia, Deepak Martin, Amitsingh, Gaurav Luthra, Gaurav Agarwal, Quamar Niyaz, Sameer, Rahul, Asheesh, Piyush Agarwal
- Collaborators: CEDPA, Sesame Workshop, PFI, Development Alternatives, Gurgaon ki Avaaz, JEEViKA, PHRN, Gram Swaraj Abhiyan, Digital Green, CREA, Jean Dreze, Reetika Khera, and many others

# Community media in rural areas in India

- Variety of mechanisms

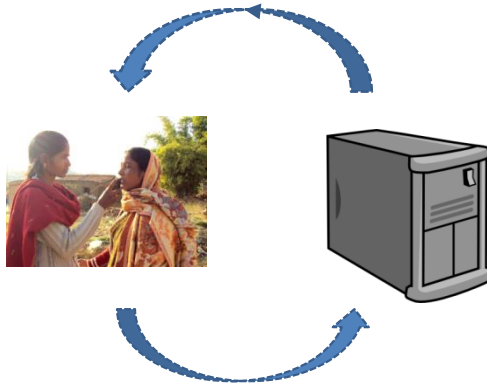

- Community radio
- Community video
- Wall newspapers
- ...

# Mobile Vaani: A voice based community media platform using phones

## 1. Speak

Users speak and listen to contributions over our intelligent IVR platform

## 2. Moderate + Share

Content moderated locally and centrally, then published on IVR, web

## 3. Connect to stakeholders

Inputs connected to government (local + other), NGO partners, social enterprise partners

# Traction on Mobile Vaani

- 90% community sourced content
  - Local news
  - Interviews and informational services
  - Opinion on topical issues
  - Guided discussions and campaigns
  - Grievances and feedback on government schemes
  - Cultural artifacts including folk songs and poems
- Current reach
  - 10,000+ calls per day
  - 8min average call duration
  - 1,000,000+ unique callers
  - 2,500,000+ households reach

Call volume

**हमारी आवाज़ गाँव की आवाज़**  
**झारखण्ड मोबाइल रेडियो**

नंबर: 0880-0097-458

आप कॉल करिए और आपके पास हमारा कॉल वापस आयेगा फिर आप खबरें, टीलिविज या दूसरों के द्वारा दी... खबरें सुनिए

क्योंकि यह एक मोडिया चैनल है। तो आप इससे अपनी समस्याओं के अलावा सामुदायिक सूचनाएं, किसी कार्यक्रम की जानकारी और सामूहिक बातें भी छोड़ सकते हैं।

आप किन किन विषयों पर बात कर सकते हैं?

- शासन-प्रशासन
- स्वस्थ
- शिक्षा
- कृषि-खेती
- बाढ़
- रोजगार
- महिलाओं से सम्बन्धी बातें
- मनोरंजन: जैसे कि लोकगीत, कविता
- पठन, चुटकुले
- पंचांग/पौर्णिमा
- सामयिकी: रोज़ मसौ
- बिड़ खबरें
- खबरों का निवारण
- कदना

हम आपकी बातों को राज्य एवं राष्ट्रीय स्तर पर प्रसारित करेंगे

ग्राम वाणी

## Context: To help people understand through examples

### STORIES OF VAANI CREATE BEHAVIOUR CHANGE FOR SOCIAL GOOD EDUCATION

“ I listened to a campaign on early marriage. After hearing other people’s experiences with early marriage I decided to only marry after I have finished school.  
–  
Kishore, Student Bihar ”

### STORIES OF VAANI CREATE BEHAVIOUR CHANGE FOR SOCIAL GOOD HEALTH

“ I comment on the health channel and spread awareness among people on health services like free medicines and Mamta Vahan. Through my contributions this helped me gain respect in the community and helped my work as an Asha.  
–  
Kunti, Asha Worker ”

## Completeness: To help people see other viewpoints

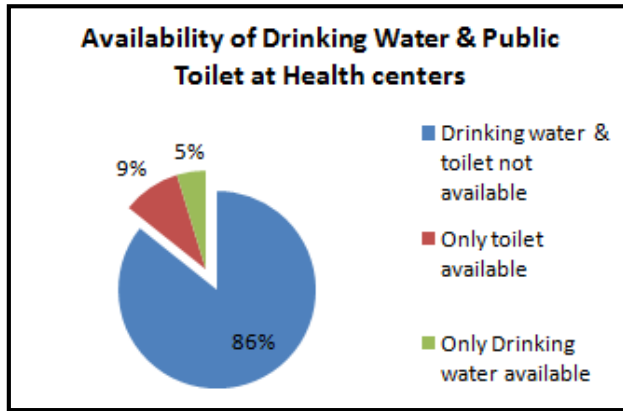

### Para Teachers Mobilize State wide strike using Jharkhand Mobile Vaani

**Jharkhand, state wide:** Month long para-teachers strike paralyzes all schools across the state. Demand for permanent positions and increased salaries. Parents rebut with accusations of negligence of duty. Teachers send their petition to the government. District administrators respond with their point of view. A great example of multi-stakeholder discussions on the platform

Outreach	10,00 families
Total number of calls	30,000
Number of items published	200
Duration	1st Jul- 31st Oct

	Strike update	Problems caused	Valid cause	Invalid cause	Request to government	Request to para teachers
Para-teachers	24%	7%	31%		37%	
Activists	10%	24%	20%		31%	3%
Students		43%	4%	34%		
Parents	4%	38%	9%	38%		
Govt						90%
Media	53%	17%	23%		5%	

# Platform for collective action and accountability

- Stories carried by several regional media publications
- Testimonials about 5 health facilities that have improved since campaigning started on Jharkhand Mobile Vaani
- Estimated 100,000 people thus indirectly impacted

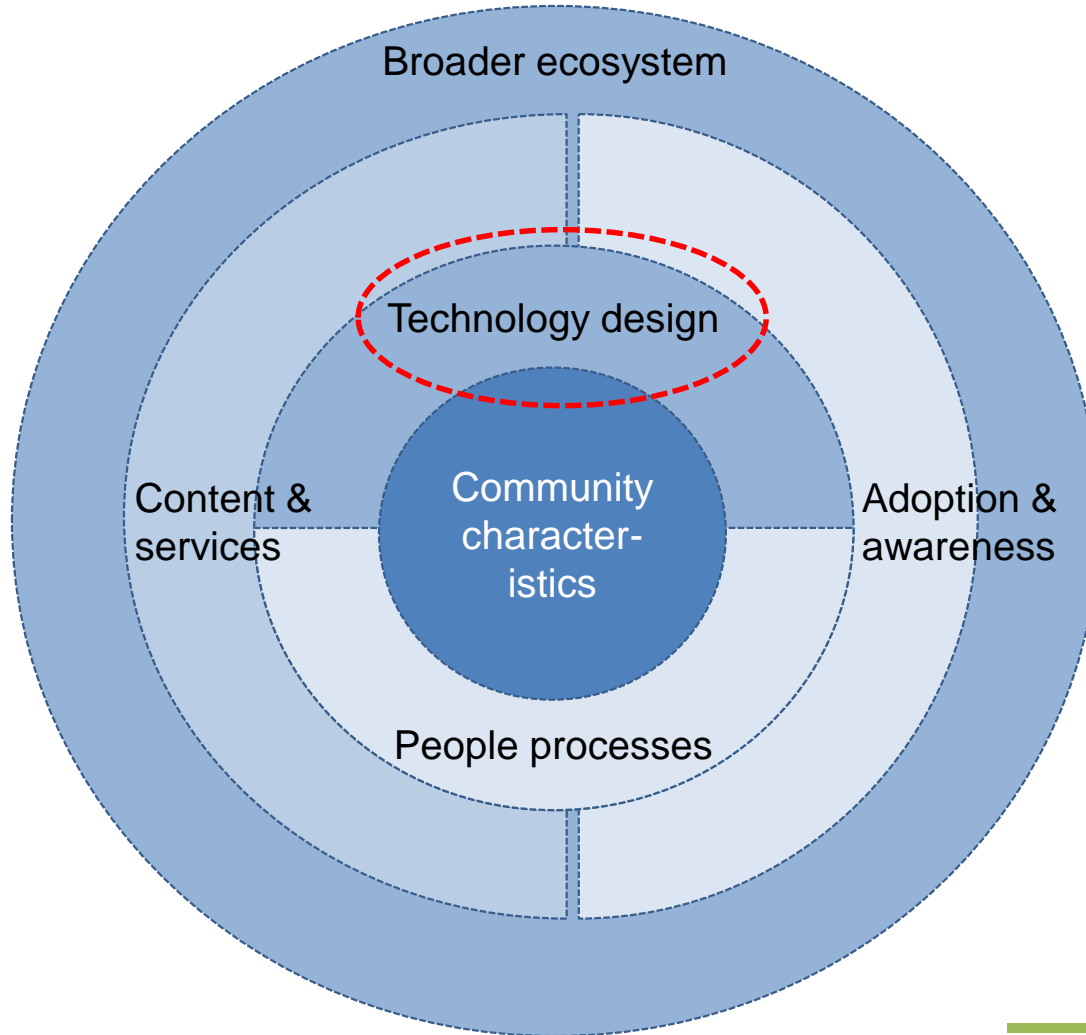

Koderma, Jharkhand: Drive against alcoholism especially illegal sales started on Mobile Vaani by women volunteers. Eventually led to termination of a local shop in the neighborhood

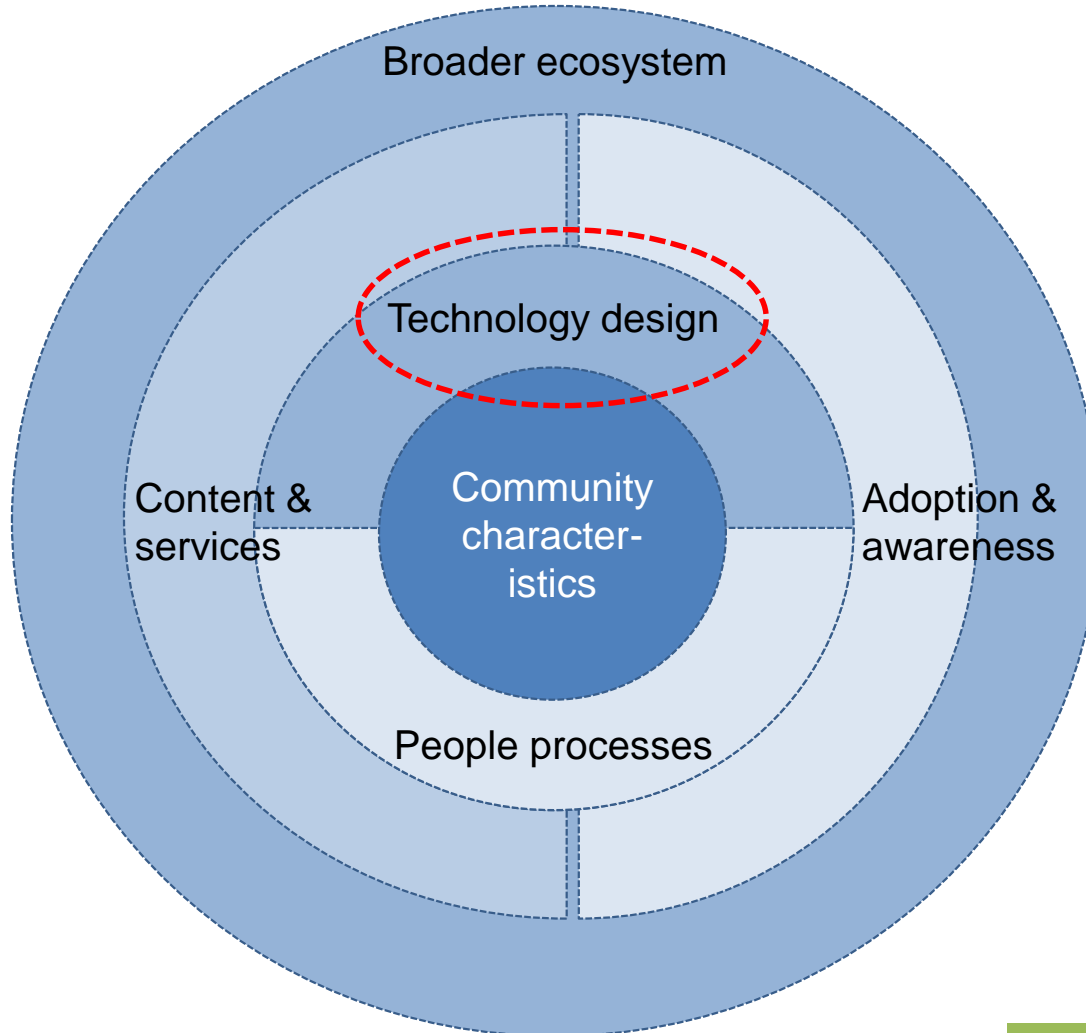

Dhanbad, Jharkhand: MV campaign on migration brought out a pending widow pension case that required maintenance of a local migrant worker register to make payments. Over the next few months, several other areas demanded upto date registers in their villages

# Our learning: The ICTD onion

# Offline methodology for acquisition and training of users

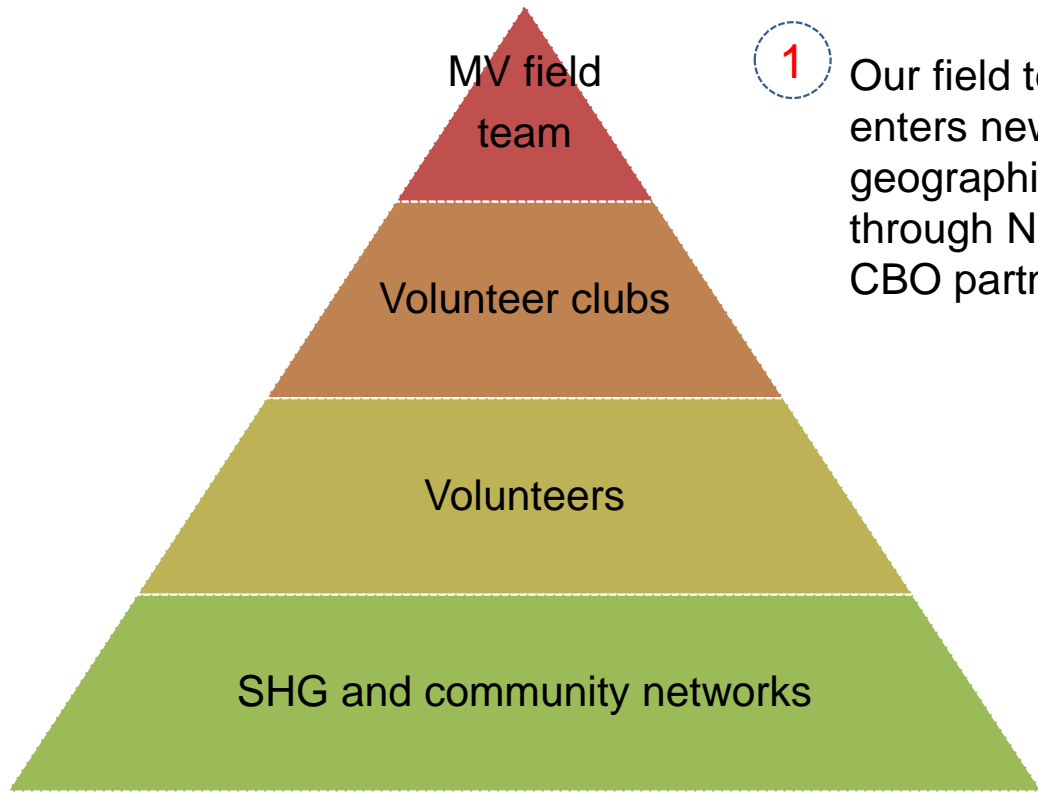

1 Our field team enters new geographies through NGO/ CBO partners

2 We begin with identifying volunteers from the community

# Need for institutional structures and community ownership

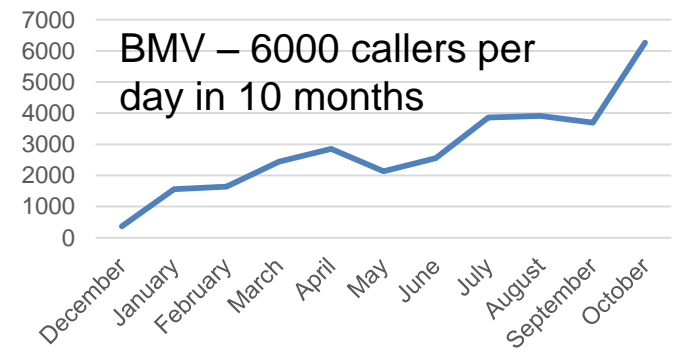

**1** Our field team enters new geographies through NGO/ CBO partners

**2** We begin with identifying volunteers from the community

**3** Over time, volunteers are then organized into clubs

**4** Clubs are mentored closely by the field team

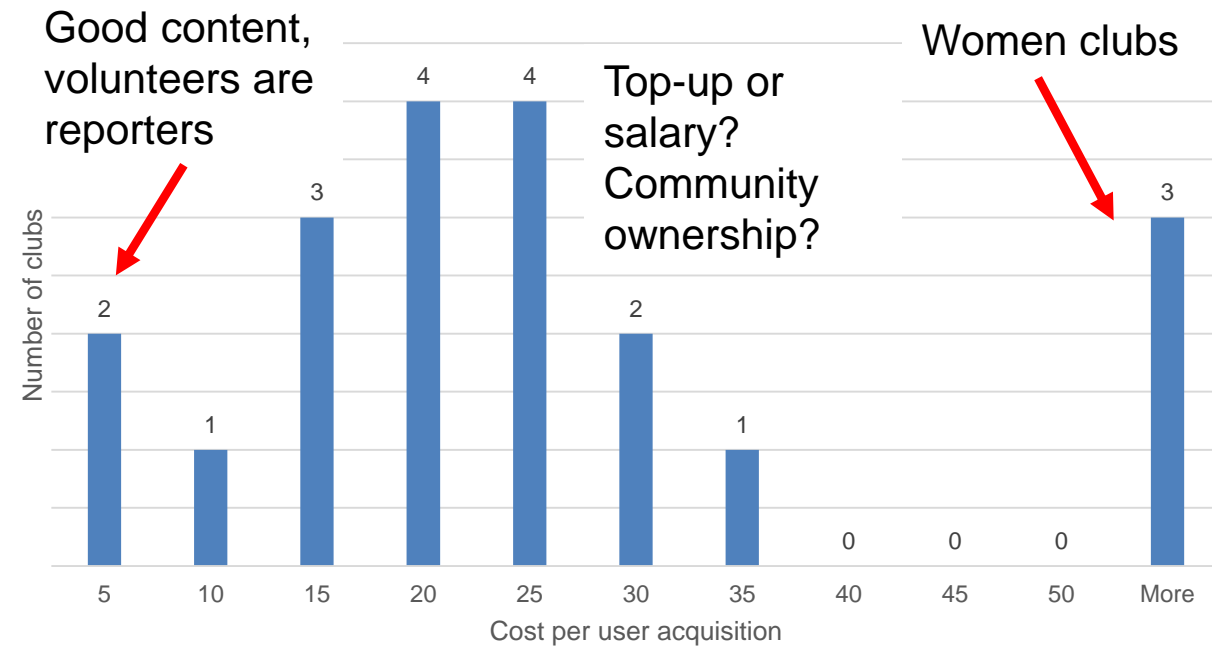

# Decision to grab low hanging fruit, or go after harder social impact?

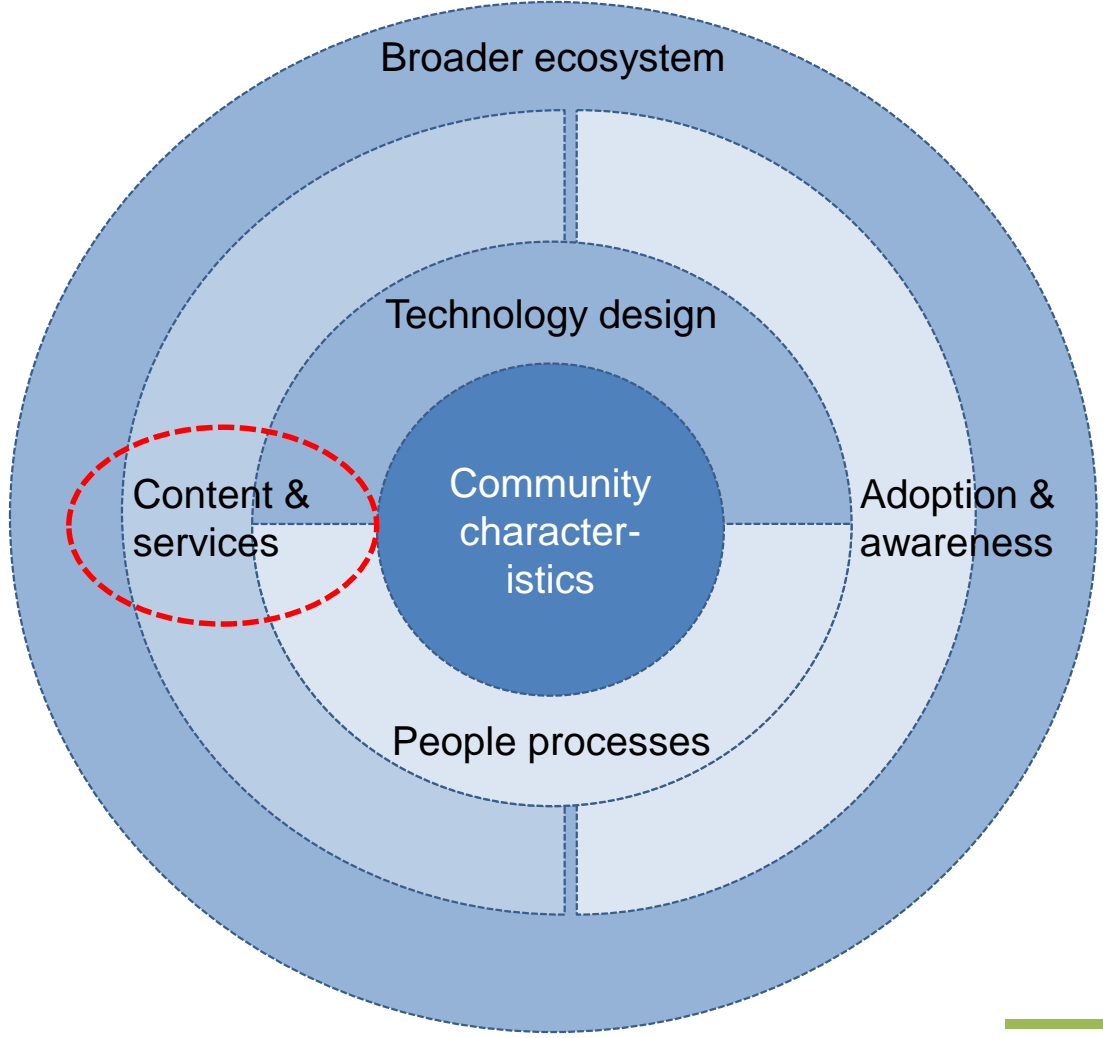

High degree of heterogeneity in club effectiveness

Formula driven growth can be achieved, but what is our mission?  
Investment Vs grants?

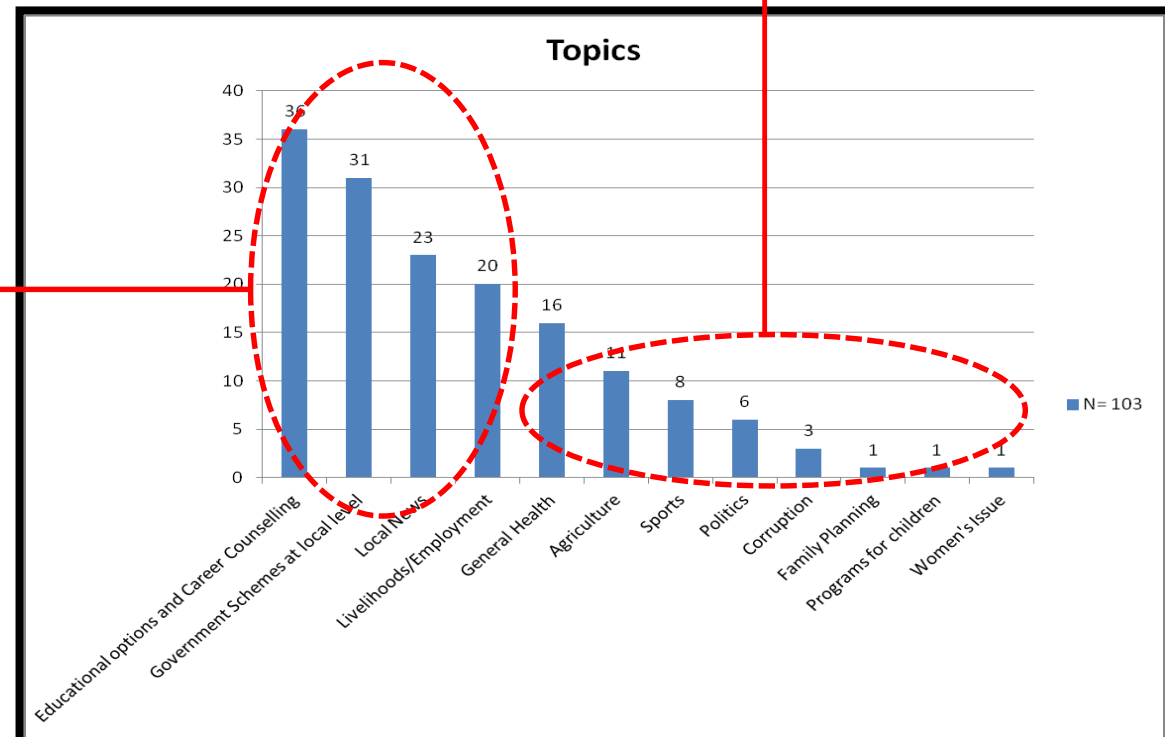

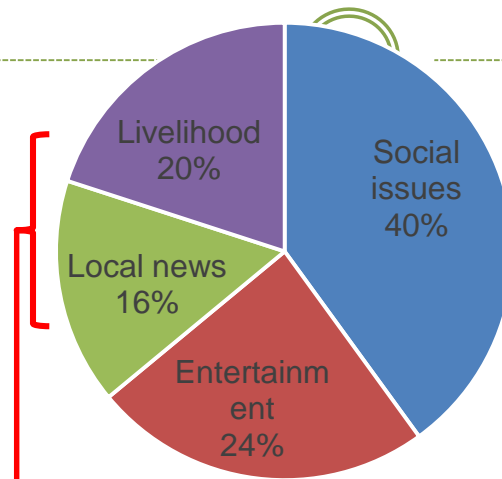

# What services do users actually want

# Field visits & volunteer feedback to understand information needs

- What is MV for you?
- What do you want to hear on MV?
- Challenge: How to change the character of the system?

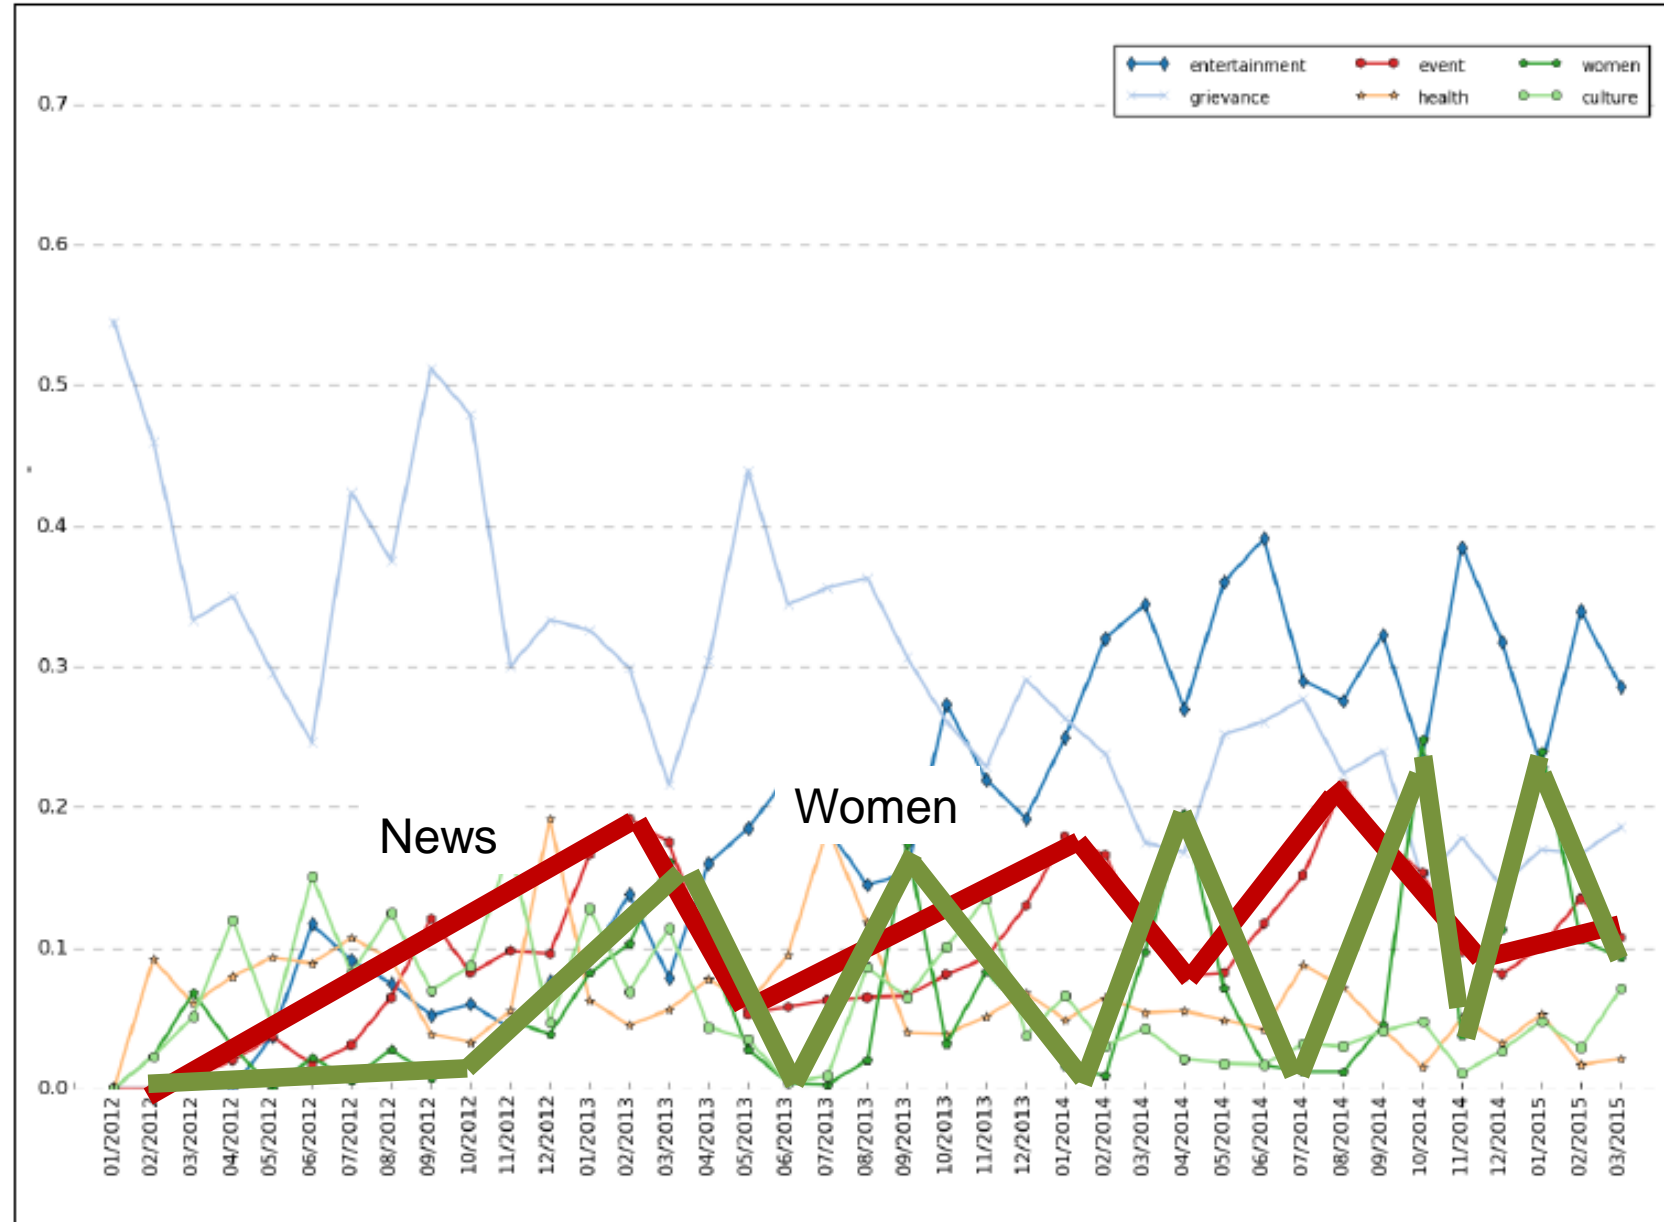

# We are a media company!

- Agriculture solutions
- News
- Straight from the heart
  - Contributions on travel experiences, childhood memories
- Story telling
  - Solicit ideas on legends and folk tales
  - Famous writers like Premchand and Bhishm Saini
- My life and times
  - Interviews of vegetable sellers and local merchants
- Employment channel, Children's slot, Talent competition...

# Systematizing information contextualization: Campaign methodology

Need to explore more. Impact? → Game

Non-contextual comments

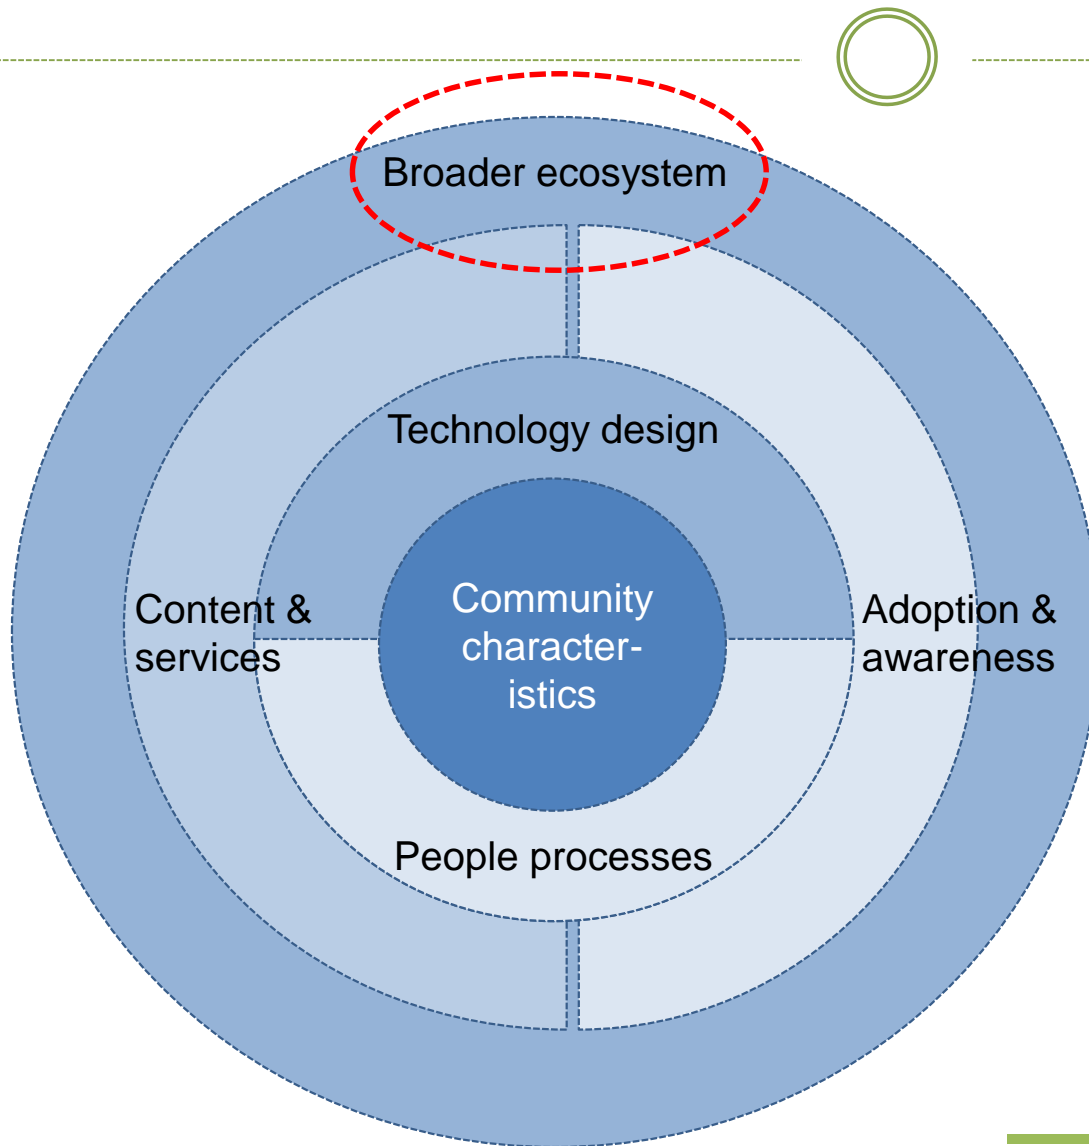

Bulk of our campaigns → Discussion

“Mass” content does not work → Serial episodes

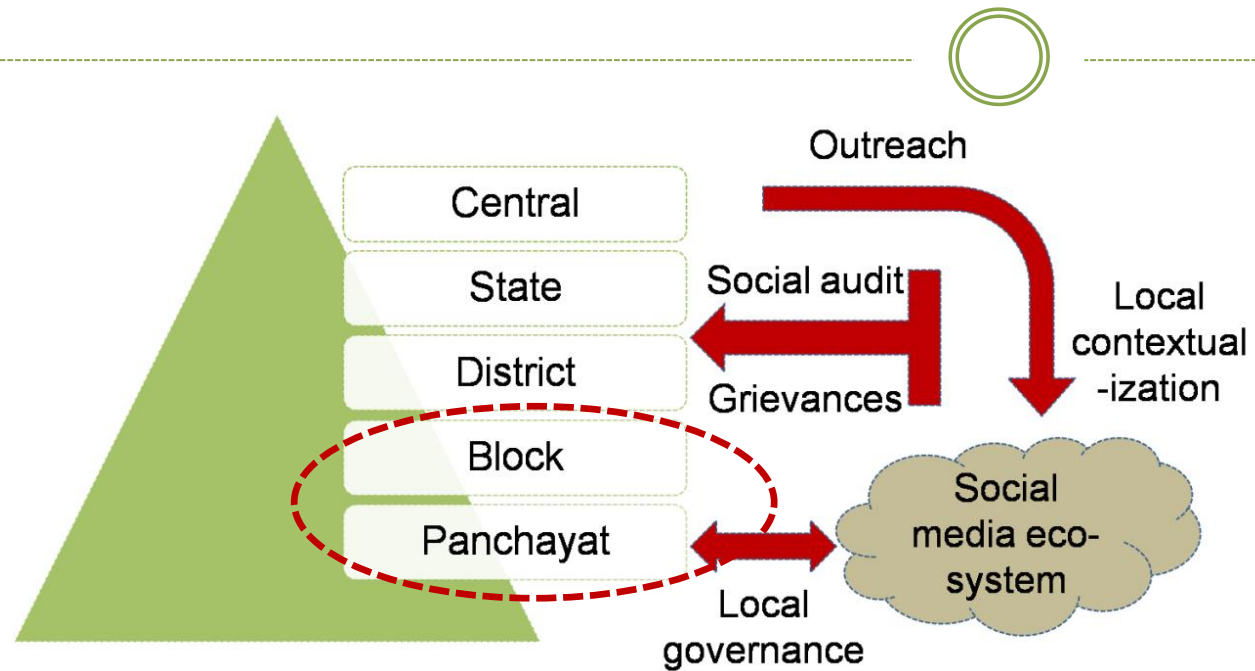

# Scaling impact: Understand the political economy of the ecosystem

# Platform to help communities build local accountability loops?

Fear of escalation can makes things work at the local level

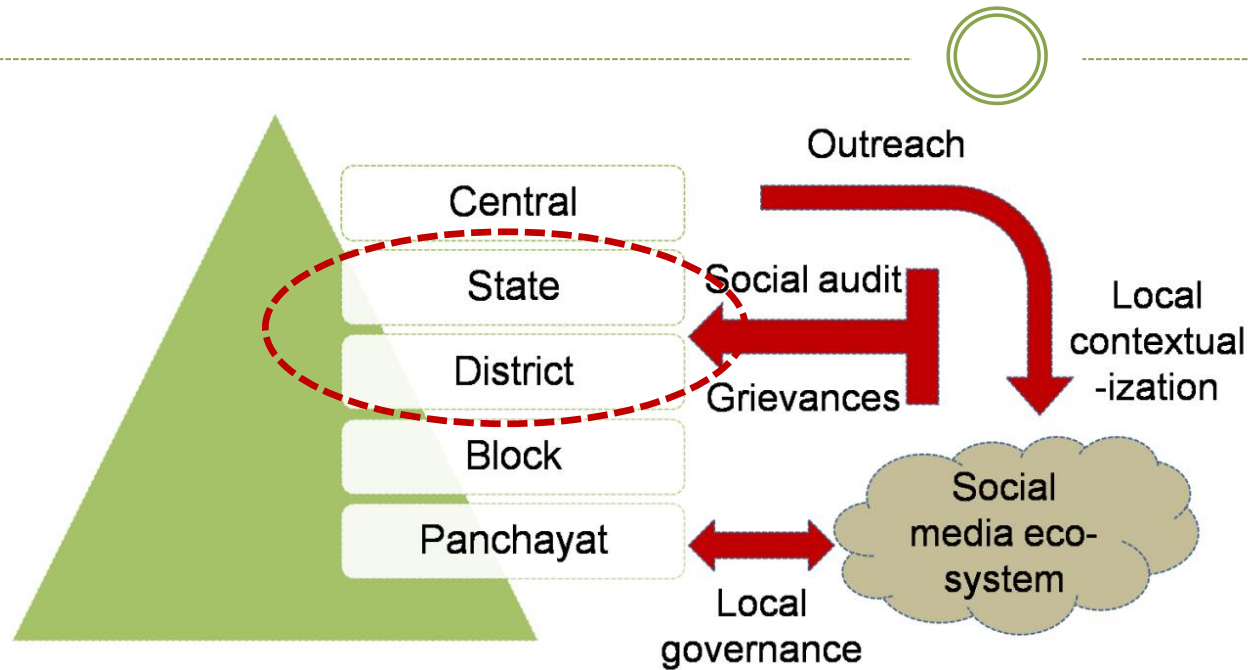

But can this be formalized for scaleup?

Needs volunteer training and mentoring

People reported on a few officials who were demanding bribes for UID enrollment. The site was visited by the block development officer and the officials were fined

A village ignored by health agencies was reported to have had 3 malaria deaths in the last one week. A mobile ambulance was immediately dispatched, with fumigation equipment and first aid

# Or, formally build accountability loops?

Adoption largely depends on conscientiousness of officer

However, inefficient in implementation since it is top-down

Pioneering a civil society assisted grievance redressal system for RSBY

Dear Sir,

Following are grievance reports from Giridih & Bokaro district registered on Jharkhand Mobile Radio from 11/03/2013 to 12/03/2013.

Item ID: Jh/G/13W1/001/39042  
 Caller: V.K Verma  
 Date: 11.03.2013

V.K. Verma from Suriya Block of Giridih district called up to express his grief on the death of his friend Ganesh Mahto aged 38 years, the resident of Leda, Giridih who had migrated to Delhi for his job. Detailing on the matter he says that Mahto who died on 7th March 2013 is survived by his mother, wife and a daughter. He requests the Government to provide compensation to the family of the deceased because they have no other source of income left after the death of Ganesh Mahto.

Action taken report: ① On information myself Ramon P. Singh, District In-charge, Giridih, visited the native place of the deceased took statement of his elder brother Chitto Mahto in presence of other family members.

② Contacted the Block Development Officer of the area and requested him for assistance. He has decided to meet S.P.L. Candidate within the required time.

③ Further more as the son of the deceased is a student of Intermediate a request has been made to B.W.O. for his stipend/management, if at all possible.

Signature: Ramon P. Singh  
 Name: Ramon P. Singh  
 Designation: I. S.  
 Department: L. S.  
 Date: 18.3.13

सभी श्रम अधीक्षक, कृषि श्रमिक सहित,  
 झारखण्ड।

विषय-

महाशय,

ग्रामवाणी द्वारा संचालित कम्युनिटी रेडियो के माध्यम से प्राप्त शिकायतों के निष्पादन तथा प्रचार प्रसार के संबंध में।  
 उपर्युक्त विषय के संबंध में ग्रामवाणी कम्युनिटी मिडिया से प्राप्त प्रस्ताव की Soft Copy आपके आवश्यक कार्याचल संलमन करते हुए कहना है कि कम्युनिटी रेडियो सेवा को विभाग द्वारा कार्यान्वित की जा रही योजनाओं के प्रचार-प्रसार हेतु उपयोग में लाया जा सकता है। इस हेतु आपके द्वारा निम्नलिखित कार्रवाई अपेक्षित है :-

1. इस सेवा के माध्यम से विभाग द्वारा संचालित योजनाओं के बारे में ग्रामीणों के द्वारा जानकारी मांगी जा सकती है या कतिपय शिकायत किये जा सकते हैं।
2. इस सेवा के माध्यम से विभागीय योजनाओं तथा कार्यक्रमों की जानकारी ग्रामीणों को दी जा सकती है।
3. यह एक तकनीक आधारित सेवा है, अतः आपसे अपेक्षा की जाती है कि आप अपने कार्यालय से संबंधित किसी ऐसे कर्मी को जो इंटरनेट तथा ई-मेल के संसाधनों में जानकार हो उसे नियुक्त करें।

# Or, do a hybrid through the political system?

1 A governance focused NGO, Action India, approached Gram Vaani to build a 'better grievance redressal system'

2 Community members call into a toll-free number to leave complaints

3 NGO listens to complaints and categories/transcribes them on the Internet

Youth wing of NGO files complaint officially, and sends a report to the local councilor

4

Redressal statistics also displayed on website (and wall newspapers)

5 Internal pressure dynamics thus created were used to improve grievance rates on ration, pension, and sanitation. New toilets and public works were sanctioned

# Or, do it through the administration and link it with performance?

1 Municipal Corporation of Delhi approached Gram Vaani for phone based citizen monitoring of waste disposal in the city

2 Our server makes and receives calls/SMS from contract staff on their deliverables

3

Community members query the status and dispute it if they want

4

Status and disputes were made available on a web dashboard and reviewed by the MCD commissioner; City Representatives post responses on Facebook

**General Information**  
To dispute Dhalaos status:  
Call: 9910153713  
Email: modelward@gramvaani.org

**Self-reported status by MCD staff**

**Citizens can query and dispute**

Dhalaos	Location	Color	Last Report Time	Comments	Disputed(Yes/No)	Citizen Reports	Cleaning Consistency	Action
41/86/CTZ	Sadsha Bulla Chow	YELLOW	Jan 24, 2012, 4 a.m.	Vehicle breakdown	No	No issues reported	67%	dispute
42/86/CTZ	Punjabi Phatak Ballimaran	GREEN	Jan 24, 2012, 11:15 a.m.	Reported as Green	Yes	1 reports open	93%	dispute
43/86/CTZ	Gali Kasim Jan	GREEN	Jan 24, 2012, 5 a.m.	Reported as Green	Yes	1 reports open	76%	dispute

**General Dhalaos Information**

**Dhalao status**

What is Dhalao self-reporting all about?  
The designated garbage sites (Dhalaos) in your ward are an eye sore and a health hazard. So we have come up with a unique solution:

- Residents adopt a site. There are 6 sites in the ward. Residents who stay close to - these or who pass these on a regular basis should glance towards them, and if it looks like the service standards are not being met, they should call 9910153713 or mail to modelward@gramvaani.org
- MCD Concessionaire for the sites, sends daily reports on the status of the sites in the following way:

18%  
27%  
55%

Green  
Red  
Yellow

# Design principles to create sustainable community media networks

- ✓ Usable and appropriate technology design
- ✓ Build a sense of community and ownership. Institutional structures should be nurtured
- ✓ Create content formats that encourage contextualization by the community itself
- ✓ Work in partnership with other stakeholders to give the platform a larger voice. But understand the political economy of the ecosystem
- ✓ Unsolved problem: Financial sustainability!

# Thanks

**Gram Vaani Community Media**

**Website:**            <http://www.gramvaani.org>

**Email:**                [contact@gramvaani.org](mailto:contact@gramvaani.org)

## Future work

- Replicate learning to mobile apps
  - Build peer-to-peer or intermediary driven training and adoption processes for our apps
  - Leverage the stronger Internet ecosystem that already consists of platforms such as online social networks
- Can the learning be applied to adoption of mobile Internet itself? Potential to be a key revenue driver!
- Consolidate offline processes including volunteer recruitment, training, club composition, and club mentoring
- Possibility of USSD integration to ease IVR navigation
- Shortcode based VAS access for user subscriptions

# Cash flow management

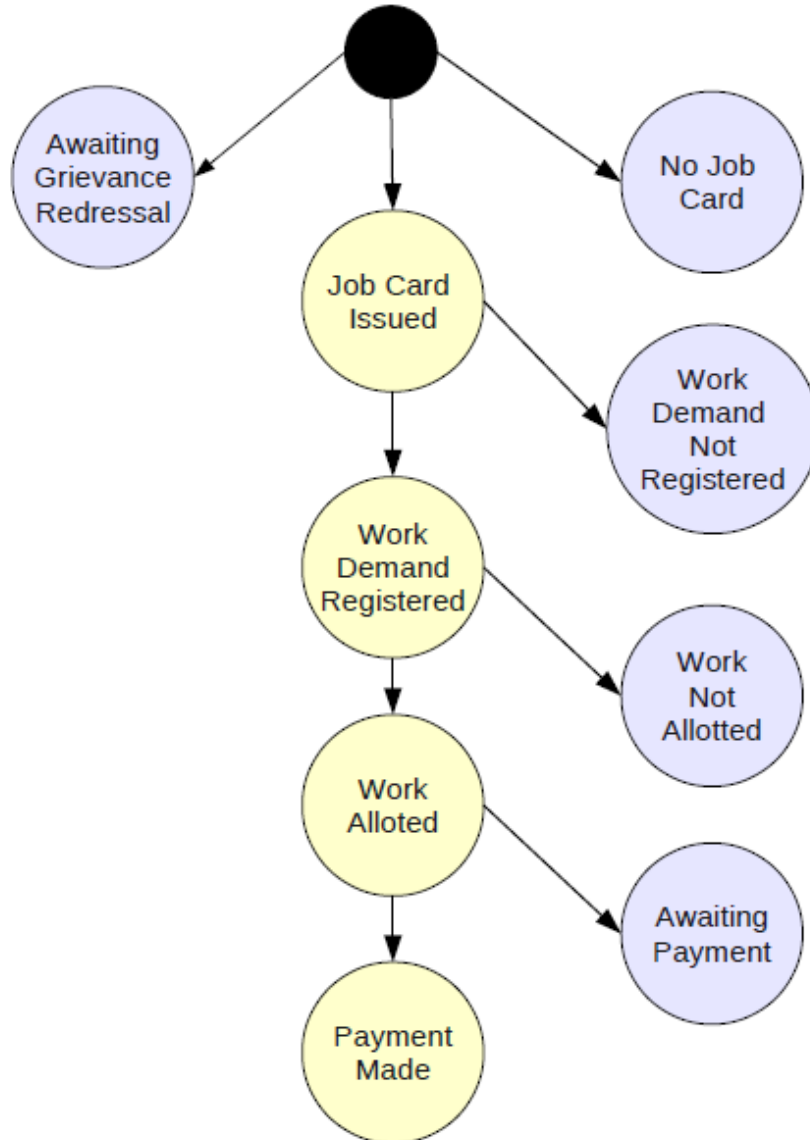

Significant second order effects on user retention as well

# User retention

- Users who call just once ranges from 25% to over 50% some times. Correlated with quotas imposed
- Quotas have lower correlation with retention rates of older users
- 45% of new users claimed they were actually old users calling from a new phone number

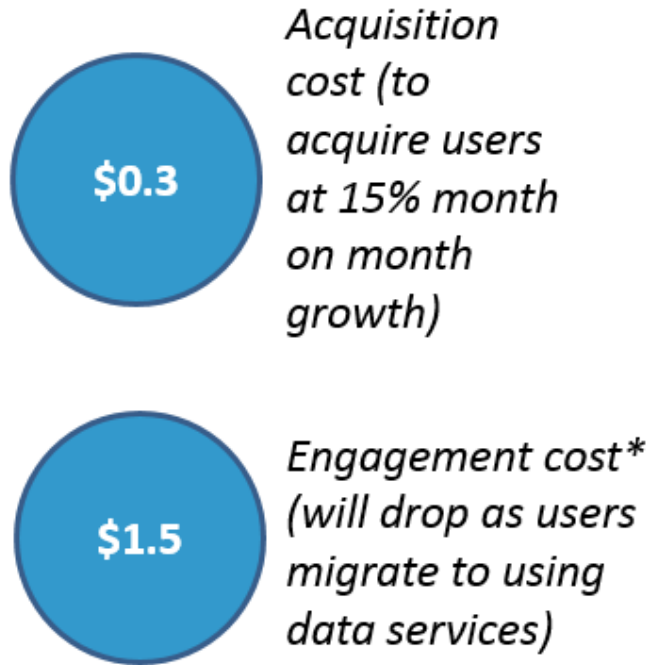

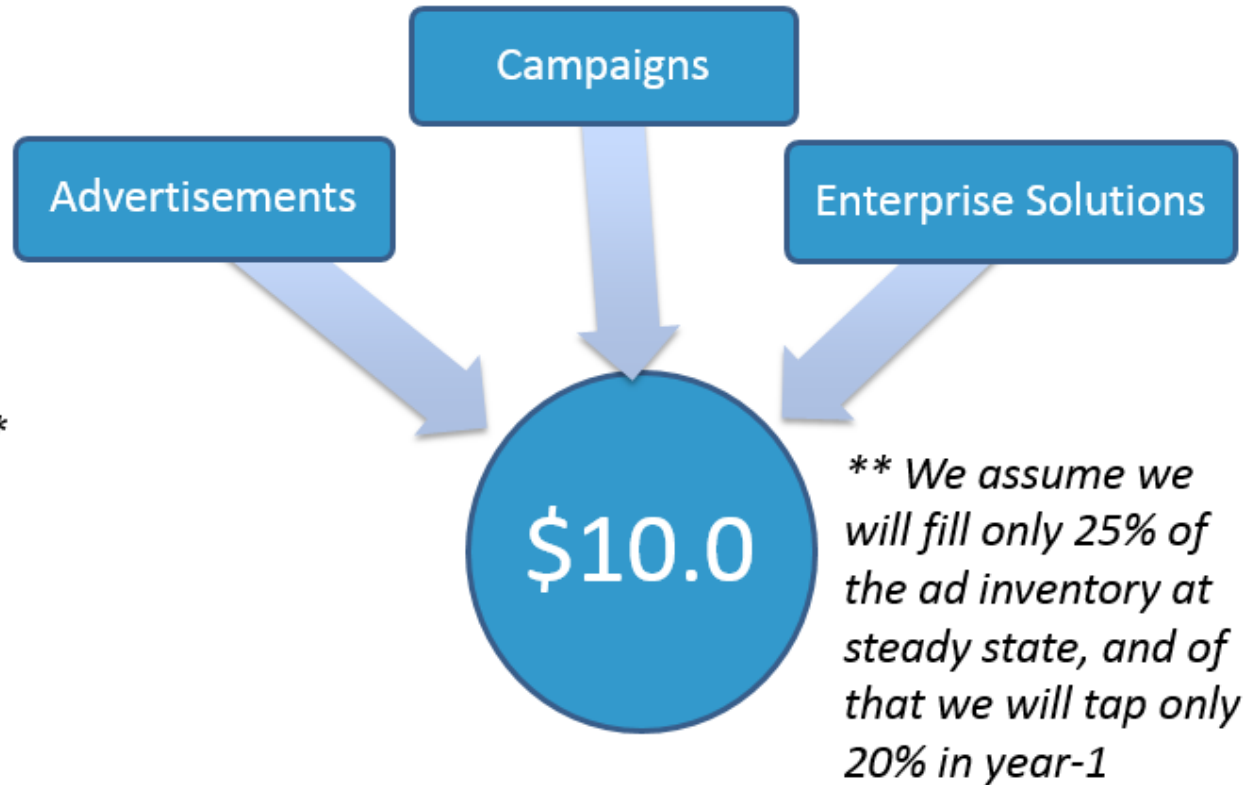

- Joint work with Stanford Liberation Technologies and IIT Delhi
- People enrolled with job card + mobile phone information
- MIS status for job cards picked up from the website, and converted into voice messages
- People could file a grievance if they noticed a discrepancy
- Initial work: 52 people pinged, 30 detected a problem, 23 filed a grievance

# UNIT ECONOMICS

## COST PER USER

## POTENTIAL ANNUAL REVENUE PER USER

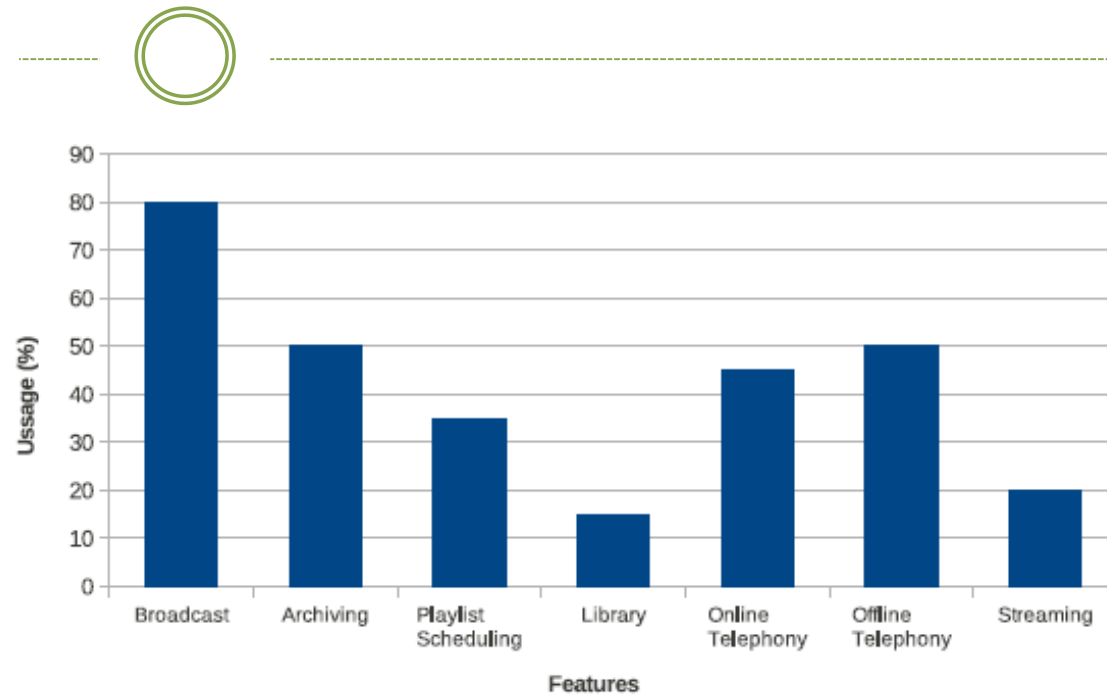

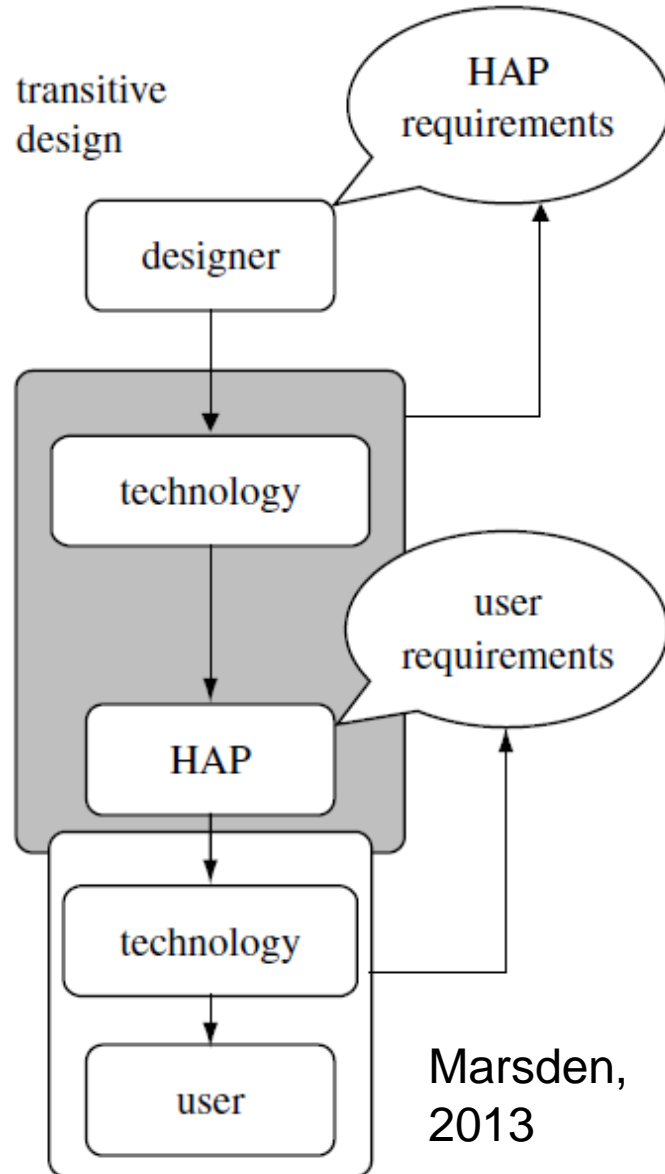

\*Average call time of 9 minutes

\*Users call 4 times per month, 25% of users stick for a year, 45% for a quarter

# Appropriate technology design

- Observe the users to understand gaps to be addressed through ICTs. But also identify good pilot partners/power users who can give actionable feedback.
- Software engg. currently is a hit and miss affair

# Technology support

Most faults occur when people tinker with cables and other moving parts. Impossible to avoid!

Moved to a cloud deployment with Mobile Vaani

Most debugging needs to be done over the phone but hard to resolve over the phone alone with a local unskilled tech resource

Mode of communication	Faults identified	Faults resolved
Phone calls	57	16 (28%)
Remote desktop	9	9 (100%)
Remote desktop & phone	9	6 (67%)
Reverse SSH	6	5 (83%)
Reverse SSH & phone	2	2 (100%)
Physical visit	6	6 (100%)

# Technology efficacy

## Data collection

- 84% of responses match those given to a live operator
- 79% of users understood more than 80% of the questions

## Crowd-sourced voting

- Linear list of thumbs-up thumbs-down Vs best-of-two Vs best-of-four
- No significant difference in task completion, nearly 100% for all
- Cultural preferences though: Did not want to call a song bad!

# RURAL ADVERTISING

Targeted advertising in local language, plus value added services (direct lines to sales agents, FAQs and local people's product reviews)

greenlight<sup>™</sup>  
planet

Last mile sales and distribution support for solar lantern industry

Return to advertisers: 500 inquiries for tractor buys generated in four weeks

## Getting a discussion going in the community: Early marriage

- Duration: 4 weeks
- Outreach: 100,000 households in Jharkhand
- Topics
  - Laws against early marriage
  - Reasons for early marriage
  - Implications of early marriage on the health of girls
  - Implications of early marriage on boys
  - Drama, *chutki ki kahani*, who was married at 14
- Offline activity. 100+ volunteers recruited from across the state
  - Get pledges from Panchayats
  - Ask pandits and moulavis to visit weddings and condone early marriage
  - Get testimonials from school teachers
  - Form a committee comprising the Panchayat, teachers, religious leaders, and police

# How to guide content consumption

- Currently consumption is closely in line with production
- Only a few users exhibit preferences by navigating through content

## Preference

$$\frac{\text{No of items heard for atleast } T \text{ units for a particular category}}{\text{No of items presented for that particular category}}$$

- Depending upon their age in the system, between 15% to 35% of users press keys to navigate
- Of that, only between 11% to 26% of users exhibit preferences in topic and location selection
- Challenges: How to inform? How to personalize? How to train even more?
